

RESOLUTION #08 04 09

Whereas, the Sanpete County Commission is aware of the Fair Boundaries Initiative which seeks to place on the ballot a proposal to seat an independent commission to redistrict the State of Utah after the 2010 census finds this initiative will:

1. Apply anti-gerrymandering stands
2. Assure an open and transparent process
3. Eliminate obvious conflicts of interest
4. Create a fair process
5. Compact districts
6. Keep more of Utah's communities intact
7. Provide accountability on issues voters care about

Now therefore, be it resolved by the Sanpete County Commission to support the Fair Boundaries Initiative.

Motion is made by Commissioner Cox to adopt resolution #07 21 09 in support of the Fair Boundaries Initiative. The motion is seconded by Commissioner Frischknecht, and the motion passes.
